

XV EUROPEAN WORKSHOP ON EFFICIENCY AND PRODUCTIVITY ANALYSIS (EWEPA)

LONDON, JUNE 12-15 2017

The Centre for Productivity and Performance (CPP) and the School of Business and Economics of Loughborough University, UK, are organising the XV European Workshop on Efficiency and Productivity Analysis (EWEPA) in London, on June 12-15, 2017.

EWEPA is a major biennial conference on the topics of productivity, efficiency and performance analysis. We expect a very large number of participants to attend, from a wide international community. Presentations are invited on the theory and application of production economics, econometrics, statistics, management science and operational research to various problems in the areas of productivity and efficiency. All popular techniques and methodologies will be represented, including stochastic frontier analysis, data envelopment analysis, bootstrapping approaches, and many more.

THE ORGANISING COMMITTEE

Victor Podinovski, David Saal, Robin Sickles, Anthony Glass, Karligash Glass (Kenjegalieva)

The official conference website www.ewepa.org will be functional by Autumn 2016 and will include details for abstract submission and registration. Please check our website for regular updates. In the meantime, please forward any queries to our contact person, Dr Anthony Glass at A.J.Glass@lboro.ac.uk.

Loughborough
University

The conference will be held at the historic Art Deco Senate House building in Central London, Malet Street, London, WC1E 7HU. This is next to the renowned British Museum and is within easy walking distance of the main London attractions.
